11th October 2021

Dear Parents and Carers

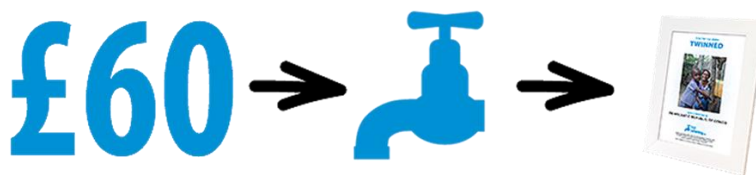

Tap Twinning

On Friday 15th October 2021 it is Global Handwashing Day. In worship today the children learned how 1 in 4 people around the world do not have access to clean safe water to drink or to wash their hands with.

As a school we are hoping to raise money to buy a tap to provide one of the poorest communities overseas with a tap and water system so they can have access to clean, fresh water.

The children will receive a certificate to show them where their tap has been installed that can be placed above one of our school taps. This will help develop the children's awareness of the impact that their fundraising will have on the lives of others.

On Friday we are inviting children to bring a donation of silver coins into school (5p, 10p, 20p or 50p). They may bring in one coin or more if they wish. We will use the coins to fill in a drawn water droplet and then count the coins to see how much we have managed to raise.

We will let you know how much we raise towards our tap twinning fund.

Many thanks

Mrs J Wass

Headteacher
