21<sup>st</sup> January 2022

Dear Parents and Carers

I wanted to make you aware of a new app that can be downloaded to support your child's mathematical skills at home. White Rose Maths have released a free app to support the development of children's fluency skills, called 1 Minute Maths. It covers addition, subtraction, doubles and number bonds. Multiplication and division skills will be added at a later date.

The app works in 1 minute bursts and links directly to the skills that children will be learning within school.

The app is compatible with Apple and android, can be used on both tablets and mobile phones and can be downloaded from the App Store or Google Play.

Many thanks

Mrs L Gardiner  
Maths Lead
