## Our Topic for this Half Term is Traditional Stories

Dear parents and carers,

Our focus this term is on 'Traditional Stories'. We would like to develop 'a love of reading' and your child will continue to change their library book on a Monday or Thursday.

The nursery's tuck money donation is £1 per week please put in your child's bag in cash. Please remember Nursery hot dinners are to be paid on-line.

In Literacy we will be reading fairy tales such as: 'Jack and the Beanstalk', 'Goldilocks', 'Little Red Riding Hood', 'The Three Little Pigs' and 'The Gingerbread Man'. We will continue to practise name writing and improve our letters and sounds recognition.

In Mathematics we continue to focus on touch counting, number recognition, sequencing and simple calculations. We will be playing dice games, continuing to create patterns and revisiting shape.

In Understanding of the World we will be exploring our environment to find out about seasonal change and take part in planting. There will also be more learning opportunities using sand and water play. We are also learning to say 'Hello' in different languages!

In Religious Education we are learning more about God's world and reading Bible stories. R.E sessions this term will also include a quiet reflection time and we will be learning new prayers.

In Computing we are learning to play simple games on the interactive whiteboard and improve our ability to draw and write on it independently. The children will also have access to a variety of ICT toys and will also play maths games on a programme entitled 'Top marks' this is a free website that you can access at home.

In our Topic work, we will continue to learn about 'Growing and seasonal change'. Your child, as always, will have lots of opportunities to play creatively and access a wide variety of art resources and musical instruments. Our current role play is a building site.

In our creative curriculum, we would like to focus on construction and building models currently, our children have already been very inventive with Sticklebricks, Wooden blocks, Duplo, magnetic and foam blocks.

Thank you for your continued support.

Nursery Staff
