ACCESSIBILITY PLAN 2018-2020

Increasing the extent to which disabled pupils can participate in the curriculum

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

1. We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
2. St Michael's CE (VC) First School plans, over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.
3. An Accessibility Plan has been drawn up to cover a three-year period. The plan will be updated annually.
4. The Accessibility Plan contains relevant actions to:

- **Increasing the extent to which disabled pupils can participate in the curriculum**

The school SEND policy ensure that staff identify, assess and make reasonable adjustment for pupils with disabilities and special educational needs. Working with the Local Authority and the Educational Psychology Service, the SENCo manages the Statutory Assessment Process, ensuring additional resources are available where appropriate.

- **Improving the physical environment of the school**

This element of the Accessibility Plan covers all areas of the physical environment such as external areas, buildings and fixtures and fittings.

The aim is to continue to enhance the environment to meet the needs of all pupils and ensure that they have access to all aspects of education offered by St Michael's CE (VC) First School.

- **Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities.**

Such information should be made available in various preferred formats within a reasonable time frame.

5. The Accessibility Plan for physical accessibility relates to the Access Audit of the School, which is undertaken regularly. It may not be feasible to undertake some of the works during the life of this Accessibility Plan and, therefore, some items will roll forward into subsequent plans. The audit will

need to be revisited prior to the end of each three-year period in order to inform the development of the new plan for the following period.

6. The plan will be monitored through the Staffing, Finance and Premises Committee and the Curriculum Committee of the Governing Board.

7. We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter of disability discrimination and the need to inform attitudes on this matter.

EQUALITY OF OPPORTUNITY OBJECTIVES

The accessibility objectives will be evaluated within three years and the equality objective will be evaluated after four years. If you have any concerns regarding this plan please contact the Head teacher.
