

# St. Michael's CE (VC) First School Newsletter

Number 09

1st March 2024

The children have all enjoyed wearing their home clothes today to help support our upcoming PTA 'Chocolate Bingo'. Tickets will go on sale tonight in the shop area of SchoolMoney at 7pm and are being sold on a first come first served basis. This is a family event and all children must be accompanied by an adult. Due to the popularity of our last bingo night we are holding two sessions on the evening. Please only book tickets to one of these events to allow us to offer opportunities for more people to join us. Thankyou for your kind donations of chocolate towards this fundraising event.

We will be joining the congregation at St Michael and St Wulfad's Church for our Mothering Sunday service on Sunday 10th March at 10.45am. All are very welcome to join us and it would be lovely to see you there.

We look forward to seeing you in school next week for our parent consultation evenings. Please ensure you have booked your appointment online before 7pm on Sunday.

Have a wonderful weekend.

Headteacher

## Nursery

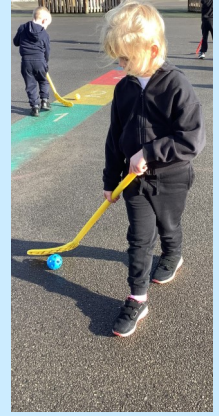

We have started our new topic 'Over the Rainbow' and have been enjoying mixing paint to make new colours.

## Early Years

We are loving our hockey topic for outdoor PE.

The teachers were so impressed with all of our hockey skills! We are looking forward to building up our skills and eventually working as a team to play an actual hockey match.

## Year 1

We have ended our animals topic by learning about what animals eat. We did our own investigations by looking at animal 'poo' to find out if an animal was a carnivore, herbivore or omnivore. Yuck!

## Year 2

We are learning about multiplication and division. We have been looking at grouping and how to use the division sign.

## Years 3 and 4

We have started learning about electricity. We thought about the safe use of electricity and identified risks in the home. We then learned about what makes a circuit and the parts of this. We also experimented with an energy stick and made a human circuit!
