15<sup>th</sup> April 2026

Dear Parents and Carers

During the summer term all of the children in Year 1 will have access to a lunch time coding club on a Friday, exploring our bee and mouse bot STEM kits, playing with and designing routes for them. Coding is part of the primary curriculum and this is an extra opportunity for your child to engage with coding and have fun with our robotic kits.

Each child will receive 4 fun sessions in the computer room with myself so as to allow all of Year 1 to access the club until the end of the academic year. The coding club will begin this week for the first 10 children, then 4 weeks later another group of 10 and so on.

We hope your child enjoys this extra-curricular activity and if you have any queries please do not hesitate to ask.

Thank you  
Mrs N Farrell  
Science Lead
