Stone Minds Matter

As a school, we are part of the 'Stone Minds Matter' community driven initiative that is dedicated to supporting children's mental health across the Stone area.

On Saturday, we were part of a float in the carnival supporting the cause further.

The judges were very impressed with the work we are doing to support the mental health of our pupils and how this was portrayed through the messages on the float and the jigsaw pieces from each school. And because of this....we won first place!
