9th October 2026

Dear Parents and Carers

On Friday 16th October, we will be holding a non-uniform day to support AEDdonate, with a suggested voluntary donation of £1 per child.

Many of you will know that AEDdonate generously donated the school's defibrillator to St Michael's. We are extremely grateful for this support, which has helped ensure that our school has access to this vital piece of life-saving equipment.

AEDdonate works to help communities fund, install and maintain public-access defibrillators, ensuring they remain ready to use when needed most.

On the same day, Jamie and Joe from AEDdonate will be completing their "Jamie & Joe's Lifesaving Challenge", a sponsored walk around Stone to raise awareness and funds to help keep the town's defibrillators active, maintained and ready to save lives for another year.

Every £1 donated helps keep a defibrillator live and running, meaning that even a small contribution can make a genuine difference. By taking part in our non-uniform day, the children will be helping to support this important work and ensure that defibrillators across Stone remain available should they ever be needed.

We would like to thank all families in advance for their support of this worthwhile cause and wish Jamie and Joe all the best for their sponsored walk on Friday 16th October.

Yours sincerely

Mrs J Wass

Headteacher
